

Registration is now open for our spring regional meetings

Join the discussions, fellowship, and learn from your peers. Past attendees have said these meetings are the best learning environment they have attended in years. If you have never participated, plan now to join the fun and network with fellow administrators, share successes and challenges, see how other churches are organized and make new friends who you can call on throughout the year.

Comments from previous attendees:

"I find them valuable and enjoy the networking that occurs throughout the year."

"I loved it. Very practical information that is helpful. Food was great too!"

"Well run and organized meeting. The meeting room was excellent and the church volunteers were excellent. Really enjoyed the meeting and now need to disseminate all the information for my needs."

Meeting format?

The meeting will be a round table discussion group with topics submitted, in advance, by those in attendance. Bring your questions, information, and share experiences from your church or current project.

Discussion topics?

An online survey will be sent out to find discussion topics. Previous topics have included audits, computers, pivot tables, executive reporting, insurance, software, and information technology.

How many will be there?

Generally between 20 and 50 per session. The idea is to keep it small enough to have great conversation and get to know each other better.

CEU's will be offered

The Church Network will offer 1.5 CEU's for those who are working toward a CCA certification or recertification for attending both days. Signup sheet will be available at the meeting.

You will receive 1.5 CEU's for attendance of both days
